

1. Cars will enter West Wabash Ave in a single lane, right side.
2. Student drop-off area will be from the library sidewalk back to the blue handicap lane.
 *(Parents should move all the way up to the library sidewalk, but should not drop students off until after they pass the blue line.)
3. Students will "enter" the school grounds via the library sidewalk and walk across the front of the building to the playground.
4. During inclement weather (rain/cold) students will enter the school through the library.
5. Walkers/bikers will enter via the north end parking lot entrance.
6. Buses will enter and exit via south end parking lot.

2 Keys to Success:

1. Full cooperation following plan (everyone must be on board)
2. Be ready to "Drop-off and Go."
 If not, park and walk.
